

2019 GRATITUDE REPORT TO THE COMMUNITY

*You Can Make
Wishes Come True*

Dear Friends,

Isn't it amazing that the dandelion can grow anyplace, even through a crack in the concrete? They can put down roots almost anywhere. They are nearly impossible to eliminate and can survive in a broad range of climates. And, amazingly, they can bloom any month of the year

So, what lessons can we learn from the dandelion? Is there a more perfect plant to represent making wishes come true by giving through the Foundation? Think about it. When you make a wish, don't you want it to be exactly like the dandelion? Do you want your wish for our community to survive for decades to come, to put roots down and be impossible to destroy? Do you want your wish for our community to bloom all year long and grow anywhere, under any condition?

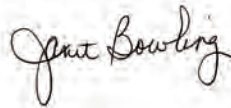

The dandelion is the perfect symbol for the way you can make wishes come true by giving through the Foundation. By endowing your gift, your wish will live forever, under

any circumstance, and bloom whenever needed. This is a very easy way for you to have an impact in our community, forever.

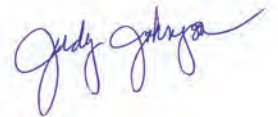

Remember that child's poem:
Dandelion, puffs away.
Make my wish come true some day.

You can make wishes come true, every day, by giving through our Foundation. We have listed some examples of the many ways you can make this happen below.

Thank you for your continued support,

Janet Bowling
President, Board of Directors

Judy Johnson
Executive Director

Make a gift NOW and get LIFETIME income

It sounds too good to be true but it isn't.

Charitable Gift Annuities and Charitable Remainder Trusts will help you:

- Avoid Capital Gains tax
- Give back to our community and/or support your favorite charity, forever
- Receive a charitable tax deduction
- Enjoy income for life with favorable rates of return

Make a gift later.... It costs you nothing now

It can be very easy to give back to our community through the Foundation with a gift in your Will or estate plan. If it is time for you to update your Will, be sure to let your professional advisor know that you want to leave a gift to our Foundation.

If you want to make a gift that is flexible and easy to revise

Consider making our Foundation a beneficiary of your retirement assets such as an IRA, 401(k), or 403(b) or life insurance policy. You can easily revise the Beneficiary Designation Form and leave a percentage to help future generations in Washington County.

This type of gift will help you:

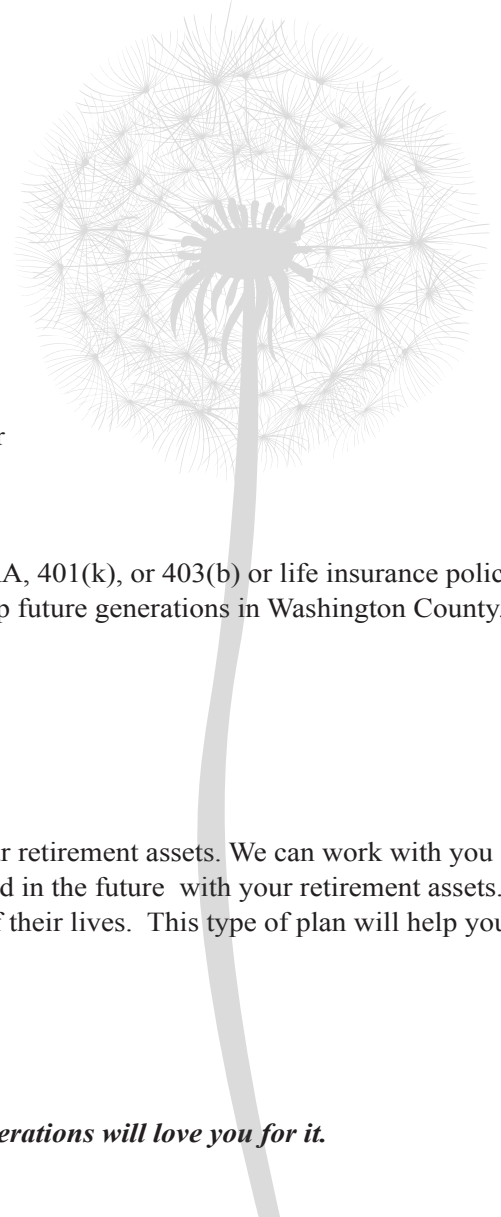

- Maintain control of your assets during your lifetime
- Reduce estate taxes
- Give back to our community and/or support your favorite charity, forever

If you want the best of both of these

Consider setting up a charitable trust or charitable gift annuity for your heirs with your retirement assets. We can work with you and your professional advisor to set up a charitable trust or annuity that will be funded in the future with your retirement assets. Then the trust or annuity will payout to your heirs for a term of years or for the rest of their lives. This type of plan will help you:

- Maintain control of your assets during your lifetime
- Reduce estate taxes
- Provide regular income for your heirs for their lifetime or a number of years
- Give back to our community and/or support your favorite charity, forever

You can make wishes come true. Create Your Legacy. Future generations will love you for it.

Leo Brown

will make wishes come true for future generations

Leo attended Hanover College for one year and then transferred to Purdue University where he earned a degree in Pharmacy. He graduated from Purdue with the highest distinction. After graduation, Leo served in the military as a corporal working in a pharmacy. Upon completion of his military service, Leo went back to school to obtain his Masters of Science degree in Chemistry in 1957 from the University of Washington. He then earned a PhD in Philosophy in 1961, also from the University of Washington.

After school, Leo set his sights on the world. He lived in several states, including Alaska, where, according to Leo, it “got to be twenty below and the snow was so fine you could inhale it into your lungs.” He also lived in Australia, while he was a professor at the University in Sydney. He travelled the world and chronicled his adventures in a travel log.

Professionally, Leo also left his mark on the world. He worked as a pharmacist in Washington and Michigan, but

his biggest accomplishment was working on the design team for UpJohn that created the coating for Motrin.

Leo did not limit his quest for knowledge to academia. He was also a highly accomplished and prolific artist. He played the trombone in a dance band, composed music, wrote poetry, penned pearls of wisdom, carved wood statuettes, and painted numerous paintings.

After retiring in 1981, Leo decided to make Salem, Indiana his home. He built a house and lived there for over 30 years.

If Leo’s story ended here all would agree that he certainly made his mark on the world. However, his story does not end here. In 2019, Leo donated to the Washington County Community Foundation to create the Dr. Leo W. Brown Touch Tomorrow Fund. This fund will give back to Washington County in a multitude of ways. More importantly, Leo’s legacy will live on forever. Brilliant!

Lucille M. Rawlings

will help future students accomplish their dream

Loving, caring, compassionate, thoughtful, strong..... all words that leap to mind when describing Lucille McIntosh Rawlings. Her son, Keith, probably summed it up best by saying, “She was one helluva woman.”

Lucille was born January 10, 1901. She married Theodore Rawlings on June 11, 1921. Lucille and Theodore had three sons.

Life was difficult for Lucille, raising three boys alone after her husband died in 1938. Her father, Joseph, was very involved, helping her to raise three very active boys. “We never had much cash,” recalled Keith, “but we managed. We raised most of what we ate. We knew Mom was doing the best she could for us.”

Lucille worked hard to provide for her family. She worked at the Hardinsburg Bank for several years and eventually became a teacher in Fredericksburg. She taught elementary students, primarily third and fourth graders, for several years.

Because of Lucille’s caring, loving nature, her son, Dale Rawlings, left his estate to establish the Lucille McIntosh Rawlings Scholarship Fund, to help future generations of Washington County students pursue a degree in Education. Lucille’s impact as an educator will now go on forever.

RALPH & FAYE MAHURON

A Case Study

They have passed away, but they are still making wishes come true.

Their Fund started with \$420,000

Twenty-six years later, it has awarded

\$525,000 in Grants
& has a value of
over \$749,700

This fund will continue to grant and grow year after year.
That is the POWER of ENDOWMENT!

Ralph and Faye were Washington County residents their entire lives. Ralph was born on a farm in South Boston and Faye was from the Pekin area. For the most part, they led a quiet, conservative life but they had many interests. Ralph was a member of the Salem Masonic Lodge and Faye was a member of the Order of Eastern Star. They were active in their church

and very interested in the history of Washington County. Faye passed away June 1, 1992 and Ralph passed away September 15, 1993.

Today, and forever in Washington County, many organizations and individuals will benefit because Ralph and Faye cared enough about our community to give back to the county.

The Ralph and Faye Motsinger Mahuron Fund was established with the Washington County Community Foundation in late 1995 with an initial donation of \$420,000.00. Every year, Ralph and Faye's fund issues grants to 14 different organizations and causes for which they cared deeply.

10 Reasons Why People *Create* an Endowment with the Washington County Community

- 1. Endowments are forever.** Your charitable wishes will always be honored and the causes you care about most will be supported forever.
- 2.** The principal of your endowed fund will **continue to grow** over time.
- 3.** Funds placed in our endowed pool are **invested for the long-term.**
- 4.** An endowed fund **cements a lasting relationship** between you and our community.
- 5.** Your generosity will be felt for **generations to come.**
- 6.** Grants made from your fund will have a **positive impact on evolving community needs.**
- 7.** Establishing your endowed fund, making contributions to it and making grants from it can be a **family affair.**
- 8.** You create a **permanent resource for future needs.**
- 9.** Creating an endowment with us is a good investment and serves as a **positive force in our community.**
- 10.** You will receive **maximum tax advantage** under state and federal law.

The net worth of Washington County is estimated to be **\$1.06 Billion**. Over the next 10 years, \$330 million is expected to be transferred from one generation to the next. If every estate gave just 5% to the community for future generations, Washington County Community Foundation could grant an additional **\$860,000.00 each year forever. Just 5%.**

Washington County Community Foundation is accredited with the most rigorous standards in philanthropy.
