RISE UP

RESOURCES & INNOVATIVE SERVICES TO EXCEL

“A rising tide raises all boats,” was a phrase made popular by John F. Kennedy, and, thanks to the amazing donors to the Washington County Community Foundation, this famous line is appropriate for the new service offered to non-profits serving Washington County.

We know many of our non-profits are stretched thin and many are ran solely by volunteers or with an extremely small staff. RISE UP allows non-profits to utilize the skills and expertise of WCCF staff to gain assistance and knowledge in marketing, governance/board training, and grant writing in order to ensure success and longevity for them and their clients. It’s a great way for our wonderful non-profit organizations to build capacity and further their mission without increasing expenses.

“Our goal is to work side-by-side with our local nonprofits on projects they have identified and prioritized,” stated Judy Johnson, WCCF Executive Director. “We will do our best to meet them where they are and help them ‘Rise Up’ to the next level, whatever that may look like. We are so grateful to our donors who have made it possible for us to venture into such a unique partnership.”

Thank you for using WCCF as a vehicle to help so many great organizations in our community increase their level of service. Just as the rising tide lifts all boats, your incredible impact lifts up and enhances the services offered in Washington County.
